Parking

About parking

NOTE: If you intend to drive to TFAM, our Museum provides two parking facilities—the West Exit Lot, with a capacity of approx. 40 vehicles, and Parking Lot A, with a capacity of another 50 vehicles free of charge. Other parking facilities run by independent operators are available nearby, but they charge for the service. However, we recommend that you use the bus or taxi from Hachioji Station in the event TFAM is holding a special exhibition, given the expected surge in visitors and consequent congestion.
